

High Performance Junior Coaching

Early Competitors

Over the last two decades our high performance programs have produced dozens of local tournament winners, several Quebec and Ontario Provincial Champions and even 2 National Champions. Most importantly though, they have given hundreds of kids positive golf and life skills with lots of fun times along the way.

Our golf school leads the industry in experience, programming and technology. Young athletes in our coaching programs have access to all of our resources including Top Tracer, FlightScope, Smart 2 Move Force Plates, SportsBox AI Motion Capture, Blast Motion Putting Sensors and all of our High-Speed Video Systems.

We believe strongly in the benefits of team/ group learning model. Group learning can be very dynamic, interactive and is a great way for your young golfer to meet other like minded young players. Friendships are developed every year through our program and those friendships lead to more self confidence and more fun. With that in mind we've built a program that blends group and private coaching throughout the spring and summer months.

Please have a look at our 2024 program and call or email us with any questions or to sign up.

Team Practices (2 hours x 6 sessions) – Athletes are encouraged to attend all Team Practices in their entirety. Two of our six group sessions will take place on a golf course to enhance course management skills and emotional competencies. Two team practices will include Golf Swing Seminars with lots of golf swing work on the lesson tee with full video and technology support. The remaining two group sessions will take place on our short game complex to build short game and putting skills. The success of our Coaching is partly grounded in our “Team Building” concept to build confidence and make athletes comfortable around their teammates, coaches, support staff and surroundings.

Private Coaching – Junior Team Members will receive an extra 6 x 1 hour and 6 x 1/2 hour private sessions to strengthen fundamentals and continue improvement throughout the golf season. Juniors will receive clear, honest and personalized coaching with full access to all golf school teaching aids, fitting tools and technology. We suggest pre-booking lessons throughout the spring summer months.
